

How will you be remembered?

As we all know, being a disabled motorist can present enormous challenges. By leaving a gift in your Will to Disabled Motoring UK, you can really help others.

Thousands of drivers depend on Disabled Motoring UK to campaign and act on their behalf to help improve access and make their lives easier and more enjoyable.

Over the years, we have successfully campaigned for the creation of the Motability scheme, the introduction of Blue Badges, exemptions from congestion charges for disabled motorists and much more. But there is still a lot of work to be done, and the pressure on our resources is ever increasing.

By leaving a legacy to Disabled Motoring UK, you can help ensure that disabled motorists, passengers and Blue Badge holders continue to benefit from our vital campaigns. What a wonderful way to be remembered.

Thank you.
